While the local corps of the C. M. yesterday, my thoughts revert to the annual Niagara week. The annual Niagara week at Niagara was one of the year's events to which the rank and file of the local corps of the C. M. with lively anticipation. I remember, on our occasion of the C. M. yesterday, my thoughts revert to the annual Niagara week. The annual Niagara week at Niagara was one of the year's events to which the rank and file of the local corps of the C. M. with lively anticipation. As the Niagara week, when it finally came around, evoked an air of stir and bustle, so no less did the day of the regimental corps.

Beider giving rise to not a little trouble, it is saying not only that the local corps of the C. M. with lively anticipation. As the Niagara week, when it finally came around, evoked an air of stir and bustle, so no less did the day of the regimental corps.

And so from year to year, the reception to the returning warriors, dressed and begrimed from the scenes of their military warfare, was made the occasion of a bright and happy social function, wherein opportunity was found for the interchange of kind and conciliatory words.

Does the little tale seem too much to the readers of the Bulletin in the wide and populous "Gateway of the West?"

APPROVED.

Lethbridge Herald has this to say in regard to Miss Hughes' appointment to the position of Provincial Secretary.

"Alberta needs an architect—a person interested in the province and its early history and culture and a person of unusual talent that will tell the present generation of the adventures of the men and women who were pioneers of the land. Up to the present the collection of much important material has been neglected. The province has been neglected and with them has gone many a thrilling tale of life on the plains in the days when a white man was a curiosity in Alberta."

It is gratifying to hear that the government has approved the whole of Canada we do not think it could be selected a person more fitted for the work than Miss Kathleen Hughes, a young lady of literary ability and greatly interested in history. She will put her heart and soul into the work and will do her enthusiastic efforts, the archives of Alberta will be filled with historical material that in the future will be valued much more than it is likely to be now.

IOWA CITY IN GRIP OF TERRIFIC CYCLONE

Charles City Was in Path of Death-Dealing Tornado, Which Swept Through a Part of the City, Uprooting Large Trees and Making Fire Wood of Houses.

Mason City, Iowa, June 8.—It will be days before anything like normal life will be resumed in Charles City, which was visited by a cyclone on Sunday afternoon. Sunday's storm was crowded with persons fleeing to a refuge in the high school graduate's class. The fury of the storm was unknown to them until after death and destruction had been dealt out. Fortunately for Charles City, it struck in the less populated part of the city, moving its way through groves and residences. Trees three feet in diameter were swept from the earth and carried hundreds of feet. Houses were blown into fragments as if they were. Right in the city about twenty residences are gone.

The destruction probably will be continued. Said by all.

COSTUME TOO SENSATIONAL.

Watch Committee Will Not Permit American Dancer To Appear in Manchester.

London, June 8.—The action of the Manchester Watch Committee in forbidding the appearance of Maude Allen, an American dancing girl, in a sensational costume which she wears as the Greek dancer, has attracted the contempt of the moment. Miss Allen herself is indignant and says that when her London venture is finished to appear at Manchester despite the committee's decision.

She said today: "If I am allowed to appear at a music hall or a theatre I shall hire a band and dance on the lawn. The action of the Watch Committee is a gratuitous insult to the King and Queen, and to the people of London and Manchester, as well as to the British Empire."

ASSESS FULL FRONTAGE OF CORNER PROPERTIES

Committee of Council Decides Upon Principle of Making Corner Properties Pay For Entire Frontage on Two Streets for Local Improvements—To Guarantee Exhibition Association \$5,000—Other Business.

The question which agitated the minds of the members of the committee of the council of the regular meeting Monday night, at which all the aldermen were present except Alderman Fraser, the Mayor presiding, and a question which will require careful consideration before a principle is finally adopted is that concerning assessment for local improvements.

When the notices of assessment for local improvements were issued from the assessor's office this year, Alderman Cristall, who owns the property at the southeast corner of McDougall and Jasper avenues, discovered he was assessed for the portion of his lot fronting on McDougall avenue whereas the pavement is actually only 50 feet wide south of Jasper avenue, while north of Jasper it is the full 80 feet wide.

The injustice being assessed for the full 80 feet pavement on McDougall avenue, which is 14 feet wider, he presented his appeal. He did not ask the matter to rest there. He asked the matter to rest there. He asked the matter to rest there.

The result is that planing irregularities in the assessment of corner properties is being made as well as pavement and other local improvements have been decided upon.

McDougall & Second's property on the west side of First street, corner of Jasper, is assessed for the sidewalk and frontage on both streets.

With this as a context, examples the committee discussed the subject finally deciding that all sidewalk assessments of corner property should be for the full frontage of the property on both streets.

When it came to the question of raising the assessment for sidewalk assessments, the committee could not decide what principle to adopt. The same inequalities in the matter of assessment for pavement exists as in the sidewalk. But the committee did not decide to assess corner properties the full frontage on both streets, as in the case of sidewalks. Under the present method of assessing the city at large has one foot of the cost. It was pointed out that the assess for the full frontage on both streets would work a hardship on the owner of corner property by reason of the fact that he was not benefited to the extent of the difference in the frontage of his property as compared with other lots. The subject was left for the council to deal with on Monday.

Sidewalk Discrimination.—W. C. Cunningham, representing the residents of St. James street, filed a complaint in regard to the inequality given a petition for a sidewalk on the west side of the street from Jasper to McKenzie avenue.

First petition was presented nine months ago, and the promise was made by the Commissioner, Poo, that the sidewalk would be laid. To the neglect of the residents of James street, it has been discovered that a walk is being laid on Edward street, which is west of St. James street, and for which the petition was presented.

It was presented subsequently, on Edward street there are no residents to benefit from the sidewalk. In fact, there are no houses to be served by the sidewalk of which the petition was made. The petition was made by the residents of St. James street. Cunningham in the letter stated that the sidewalk on the street is not to be laid from street to school during the summer months. It will be laid from street to school during the winter months. It is on the front street.

At this same matter of sidewalks, there was another letter from a resident of Edward street, who petitioned for a sidewalk on the south side of Edward street, which is a crying need. The Mayor stated that Acting Commissioner of Public Works, McLaughlin, is engaged in making a list of sidewalks to be laid. This is a matter that is insufficiently signed. It is the intention of the committee to consider the matter to lay before the committee the fact that there is not a single example of a sidewalk on the south side of Edward street, which is a crying need.

Joe Haining was granted permission to lay before the committee the fact that there is not a single example of a sidewalk on the south side of Edward street, which is a crying need. The Mayor stated that Acting Commissioner of Public Works, McLaughlin, is engaged in making a list of sidewalks to be laid. This is a matter that is insufficiently signed. It is the intention of the committee to consider the matter to lay before the committee the fact that there is not a single example of a sidewalk on the south side of Edward street, which is a crying need.

Telephone Matters.—Provincial Medical Health Officer Living formally notified the council of the assessment for the provincial authorities of the plans and specifications for the telephone exchange at Jasper avenue.

Telephone Superintendent Cunningham advised the council that the cost of running a telephone line to the Exchange Hotel, which is between \$60 and \$70. The applicants for this telephone are willing to pay for it.

The application of the Trades and Labor Council for the exclusive use of the Exchange Hotel on Jasper avenue was approved, this concession having been granted last previous year.

The money from the City Public Hospital Board, comparing at what date the \$500,000 voted by the city for the new public hospital building should be available in the event of the hospital grounds on Jasper avenue, this concession having been granted last previous year.

MANITOBA BOUNDARY EXTENSION MEASURE

Bill Which Will be Introduced This Week Provides for Extension of Manitoba Boundary to Give Both Manitoba and Ontario a Fair Share of the Province.

Ottawa, June 8.—The government measure to extend the boundaries of Manitoba will be brought down this week. It is understood the bill will provide for the extension of the boundary of the province to give both Manitoba and Ontario a fair share of the province. The present eastern boundary of the province will be extended to the Churchill river, and the northern boundary will be extended to the Hudson Bay port at the mouth of the river. Just at present the government's intention is understood to be not only for the extension of the Manitoba boundary, but also for the extension of the Ontario boundary to the Hudson Bay port at the mouth of the river.

FOOTBALL

CALLIES 2, Y.M.C.A. 1. Early last evening the bachelors on the hill overlooking the exhibition grounds heralded the game between the Callies and Y.M.C.A. team, which was to decide the leadership of the City Football League. Meanwhile the entrance to the grounds and the stands were being played. The teams between themselves and decided to "get" the crowd their finances and a man was delegated to collect every "note" of a quarter of a dollar. Collector Grien then considered this unwarranted as his activity had been given the secretary of the Exhibition grounds. The collector and gathered followers were on this point and a crowd of men eventually arrived some assistance and armed with sticks and hands, attempted to arrest his man. Self-defense in the form of a fight was started but did not happen. Later in the evening a constable appeared but the redoubtable photographer, giving his usual opinion in regard to the police head, was not moving to arrest was made.

The largest crowd of the season was the best-fought game of football that has probably ever been played in Ed-

monton. Both teams realized the significance of the game and played their utmost. The supporters of the respective teams were very enthusiastic and excitement ran high. "Play up the Callies" was the popular slogan that could be discerned.

In the two the Callies were favored with their choice of goals and pressed their opponents hard. The only goal of the first half was scored in 14 minutes. Both teams showed good combination work and a full knowledge of football tactics. Five minutes after the resumption of play the Y.M.C.A. team tied the score. The Callies, with their weight and splendid team work, wore their opponents down and Andy Todd, right centre of the Callies, scored the winning goal five minutes before the whistle blew. The players with the crowd then descended the hill and encircled the field. The Y.M.C.A. could not face the music and the game was ended. Mr. Smith referred to general satisfaction.

The line up was as follows: Callies—Goal, R. Healey; backs, F. W. Teravale, J. Moffat; halfbacks, C. Cowan, Philip Todd, T. Johnson; forwards, A. Todd, S. D. Patterson, J. C. Grant, J. Hope.

MISCELLANEOUS

The Y.M.C.A. Hockey Club will hold their first run since their reorganization at 3.15 o'clock this evening.

The team to represent the Y.M.C.A. Club in the game on the Exhibition grounds, Thursday night, will be as follows: Goal, Duke; backs, Grigley and Edwards; halves, Chorn, Bagby and Whillans; forwards, Herriott, Dunlop, Walker, Schmeckel and Sheverson; Centre, Fremont.

MOLEMAN MISSES A PLACE

Eric McLean, of Strathmore, whose last time in the 100 and 200 metre in Calgary last week led western people to think he would make a good showing in the Canadian Olympic trials, did not secure a position in the short distance contests in Montreal on Saturday. The trials did not produce any startling performances.

The chief interest centred in the meeting of Keri, of Hamilton, and the champion of the M. A. A. C. Montreal, in the sprints, both men having shown good form this season. Keri was the winner and showed that he is the best man of the two. Several westerners were included. Eric McLean, took part in the events, but none of them did anything which created the probability of their being selected for Canadian teams, which will be made up of the quality of the performers shown at the trial in Montreal and at Toronto. Keri is about the best material available, but his time in the final of the 100 metre and 200 metre events will not make a comparison for a moment with those made in the American trials which took place at Philadelphia on Saturday afternoon. His time for the final in the 100 metre was only 1.35, and for the 200 metre 3.15, and at that he had to do about the best he could to win from Lakeman. In the running broad jumps the most meritorious performance was that of C. Brinkner, of the Central Y. M. C. A. Toronto, who broke the Canadian record, doing 23 feet 1 1/2 inches.

FITZGERALD'S GOOD WORK

In the Olympic games trials which took place in Toronto on Saturday Chief Inspector Captain FitzGerald was on duty. The fact that Tom FitzGerald was not in condition to lead the race of much of its interest. The winner turned up in Harry Lawson, of the West End Y. M. C. A. There were 27 starters. FitzGerald, of the Vancouver Y. M. C. A., the only one of the first half dozen. In the running broad jumps the most meritorious performance was that of C. Brinkner, of the Central Y. M. C. A. Toronto, who broke the Canadian record, doing 23 feet 1 1/2 inches.

Back to \$15 Suits and Overcoats in the Semi-ready stores!

A year ago the lowest priced Suit in real "Semi-ready" was \$18.

Our buyers visited England in search of trends and argues that would stand the test of Value and the test Quality: they found them.

This season we show good Suits at \$15 in genuine Semi-ready. Overcoats, too.

AROUND THE CITY

All changes for advertisements must be in the hands of the printer no later than 4.30 of the evening prior to publication.

LOCALS

The Campbell Bros. Circuit, well-known throughout the Western States, is billed to appear in Edmonton on June 24th.

A. W. Hrydman, manager of the Royal Bank of Canada, took out a permit for a \$2,000 house on the West side, lot 174, block 13, R. 13.

At the police court last night the case against Louise Myers, charged with leaving a house of ill fame at the west end, was adjourned till Friday night.

The regular fortnightly meeting of the Young People's Association of All Saints will be held in the schoolroom tonight at 8 o'clock. Rev. Deaconess Marshall will give an address.

The death took place at her home, 818th street north, on Sunday, after an illness of some months, of Clara Allen, sister of the late W. C. Allen. The funeral takes place at Red Deer this afternoon.

One of the new incline staircases for the fireproof has been placed on Alberta College, and the others will be put up in a few days. Three staircases on the outside are taking the place of the old ones which were asked for on the inside.

The Beaver House (Chapter of the Daughters of the Empire) are assisting a poor family to furnish a home for a person having a chronic illness. The house is in a good location and could be used as baby carriage, school and other purposes, particularly if the family could be helped.

Mr. Wallbridge, 376 Seventh street, phone No. 1287.

A. L. Whitworth has just returned from an extended trip in the south. Everywhere he found the farmers reaping phenomenal good crops. Dealers in all lines are in consequence having more business.

The Whitworth Co. have been compelled to close their staff and are now looking for larger personnel to take the place of those who have left.

BOARD WILL ENTERTAIN

The Edmonton Board of Trade are making arrangements for the entertainment of the members of the Minnesota State Association, consisting of about twenty members, and are presenting all the great and influential newspapers of the state of Minnesota, who are making a tour of the west.

The entertainment will likely take the part of a dinner at one of the hotels, but no definite arrangements have yet been made.

FINE SPRING VEGETABLES.

Only last February Mr. Livingstone, owner of Alex. Livingstone's of California's Store, Nanaimo, Vancouver, had a few acres of land near the new packing plant, east of the city, started the Spring vegetable garden.

Mr. Livingstone, June 1, brought to the Board of Trade some of the finest specimens of lettuce, all "crown out" and in perfect condition this year. Mr. Livingstone is raising vegetables and is bringing out his wife and family from the old home in Glasgow, Scotland.
